NORTH KOREA TESTS LONG-RANGE MISSILE

North Korea test-fired possibly its biggest-yet intercontinental ballistic missile towards the sea on Thursday, according to its neighbours, raising the ante in a pressure campaign aimed at forcing the United States and other rivals to accept it as a nuclear power and remove crippling sanctions. Meanwhile, neighbour and rival South Korea's military responded with live-fire drills of its own missiles, launched from land vehicles, a ship and aircraft.

No link to exams, SC declines request for urgent listing of pleas in hijab case

EXPRESS NEWS SERVICE @ New Delhi

THE Supreme Court on Thursday declined requests for urgent listing of pleas against the Karnataka High Court's verdict in the hijab row, which upheld the ban on wearing the headscarf in educational institutions of the state.This particular plea was mentioned by senior advocate Devdutt Kamat before the bench headed by CJI NV Ramana. He said the matter needs to be heard soon since exams are approaching in the state. The court, however, maintained that it should not be sensationalised, adding that exams are not related to the case.

Several pleas have been filed against the HC order.

Upholding the government order dated February 5, 2022, banning the hijab in classrooms, a full bench of Chief Justice of Karnataka High Court Ritu Raj Awasthi, Justices Krishna S Dixit and Justice JM Khazi had pronounced the verdict on a cluster of petitions questioning the order passed by the state government banning the wearing of hijab in classrooms.

The High Court bench had also maintained that the government has the power to issue impugned order dated February 5, 2022, and no case is made out for its invalidation.

TMC man held for Birbhum carnage

Mamata names party functionary as culprit

PRONAB MONDAL @ Kolkata

A local Trinamool Congress leader was arrested on Thursday in connection with the revenge killing of eight persons, including two children, after their houses were fire-bombed in Birbhum district following a ruling party functionary's murder. That the arrest came only after Chief Minister Mamata Banerjee dropped his name in public, asking the police to apprehend him immediately if he doesn't surrender, showed the force in khaki in poor light.

Anarul Hossain, the Trinamool president of Rampurhat-I block, who was at large, was arrested after tracking the location of the towers from where his cellphone was receiving signals. He is an influential party man in the area.

"I am asking the police to arrest Anarul if he doesn't surrender. He should have sought police intervention immediately after the killing of the deputy chief of the local panchayat Bhadu Sheikh," Mamata said after visiting the carnage site in Bogtui village.

Earlier in the day, the autopsy report of the victims revealed that some of them were beaten and stabbed before being set ablaze. "Before setting our house ablaze, they barged in and assaulted my wife and daughter. They murdered seven of our family and set them ablaze. I saw my house on fire and fled," said Mihilal Sheikh, an eyewitness.

The Calcutta High Court on Thursday reserved its order in a suo motu petition, along with a bunch of PILs seeking a probe by the CBI or the NIA. A seven-member team from Central Forensic Science Laboratory, Delhi, will proceed to Bogtui upon reaching Kolkata on Thursday evening to collect samples from the crime scene as directed by the high court.

Assembly slams TN Mekedatu resolution

> Despite the project having no adverse impact on Tamil Nadu, that state passed a resolution opposing the project, which the Karnataka assembly condemns
>
> Basavaraj Bommai, CM

DEVARAJ B HIREHALLI @ Bengaluru

THE Karnataka assembly on Thursday passed a unanimous resolution condemning a similar motion by the Tamil Nadu assembly on Monday, against Karnataka's decision to go ahead with the Mekedatu Balancing Reservoir Project across the river Cauvery.

"Despite the project having no adverse impact on Tamil Nadu, that state passed a resolution opposing the project, which the Karnataka assembly condemns. Karnataka will also urge the Central Water Commission

(CWC) and Ministry of Environment and Forests (MoEF) to give immediate permission to implement the project," CM Basavaraj Bommai said, proposing the resolution. "Until a decision on justifiable share of water between the states, the DPR of the Godavari-Krishna-Pennar-Cauvery-Vaigai-Gundar river linking project should not be cleared, without Karnataka's consent. Approval should not be given for implementation of the project," he stated. The resolution, passed unanimously with the support of the opposition Congress and JDS, urged Central institutions not to approve Tamil Nadu's "illegal projects" and to direct that state not to pursue them.

Opposition leader Siddaramaiah, though, felt that Bommai should have consulted the opposition while drafting the resolution to condemn Tamil Nadu's resolution. P6

Corporate merger ZEEL gets new wings

EXPRESS NEWS SERVICE @ Mumbai

IN a surprise move, Zee Entertainment Enterprises Ltd (ZEEL)'s largest shareholder Invesco Developing Markets Fund has dropped its demand to hold an extraordinary general meeting (EGM) to remove the media company's managing director and CEO Punit Goenka. Just two days ago, the US-registered firm had won a favourable order from the Bombay High Court to pursue its demand for an EGM.

The US-registered investment fund also said that it now supports the Sony-Zee merger deal. "We continue to believe this deal in its current form has great potential for Zee shareholders," said Invesco, which holds 18% stake in ZEEL. It added that the board of the combined entity will be reconstituted, which will achieve its objective of strengthening board oversight of the company. "Given these developments and our desire to facilitate the transaction, we have decided not to pursue the EGM as per our requisition dated September 11, 2021," it said.

The Zee stock responded to the news by jumping 17% to ₹298.9 on the NSE.

Invesco said it would continue to monitor the merger's progress and that it retains the right to requisition a fresh EGM if the merger is not completed as currently proposed. Zee welcomed the decision calling Invesco "an integral part of ZEE's value-creation journey for almost two decades".

Speeding truck knocks down biker on ORR

Residents blame narrow road, heavy traffic and cycle lanes

EXPRESS NEWS SERVICE
@ Bengaluru

A 47-year-old biker was killed after a speeding truck knocked him down on HAL Outer Ring Road on Thursday. The truck driver was reportedly over-speeding before crashing into the bike. However, the residents blamed the mishap on a narrow road and heavy traffic in addition to the cycle and bus lanes on the Outer Ring Road.

The deceased G M Joseph Mathew, a resident of Balaji Layout, was working at a BPO unit in Devarabeesanahalli.

Traffic on the busy Outer Ring Road was thrown out of gear following the accident which was exacerbated by passers-by and motorists who stopped at the scene of the accident to click pictures and record videos. A senior police officer said the accident took place around 9 am when Mathew was going to office through the Outer Ring Road.

The over-speeding truck hit him from behind, and due to the impact, he was flung in the air and died on the spot from severe head injuries. The passers-by alerted HAL police who rushed to the spot and seized the truck.

The driver fled the spot after the mishap. A case of reckless driving has been filed against the driver.

Demand to remove bus lane gains traction

S LALITHA @Bengaluru

WITH companies on the Outer Ring Road (ORR) set to return to their full staff strength from April 1, the death of a 47-year-old biker on the road has unleashed a torrent of anger and sparked debate both online and offline regarding the traffic on the narrow road.

Metro construction work is eating into a major chunk of the road resulting in slim spaces for buses and other vehicles. There seems to be a huge demand to do away with the separate bus priority and cycle lanes to free more spaces for vehicles.

V Manjula, Commissoner of Directorate of Urban Land Transport (DULT), which planned the road here, told TNIE, "We have a meeting on March 29 with BBMP, BMRCL and Traffic Police in this connection."

Rajan Gowda, who runs his own computer business on the service road along this stretch, stridently argues why nothing could be done to prevent traffic-related deaths. "I saw a mother and her child fall down and die in front of my eyes here. And again, this morning I heard that another person has died. Why are the cops not stopping bikers from entering the bus lanes?" he asked. A senior cop managing the traffic called the fibre barricades "killer barricades" and demanded its removal from the bus lane and allow all vehicles to use it.

A senior BBMP official said, "Suitable arrangements and precautions on the main road is now Metro's responsibility". The city's first bicycle mayor, Satya Shankaran, said, "This crisis that has cropped up on this road must be used by other vehicle owners as an opportunity to switch over to public transport or they will never change."

Biowaste being dumped on NICE Rd: BJP MLC

EXPRESS NEWS SERVICE
@ Bengaluru

BJP MLC Munirajugowda PM alleged that some private hospitals in south Bengaluru are dumping biowaste illegally at some parts of NICE Road near Bannerghatta.

Raising the issue in the Council on Thursday, the MLC alleged that biowaste was being dumped by private hospitals at Nellureddy quarry in Kembattaalli.

Only NICE Road has access to that place. He alleged that the police, BBMP health officials and NICE Road staff were involved in illegally dumping the biowaste .

"Provision has been made to dump biowaste in Dobbspet and Chikkaballapura but hospitals are dumping it illegally to save money. They also burn the waste, causing health hazards to the villagers of surrounding areas. It is also adversely affecting the underground water," Munirajugowda said.

Replying on behalf of the health minister, leader of the floor Shrinivas Poojari said that the health department had conducted a survey at hospitals to check how they were disposing of biowaste and notices have been served to hospitals violating the procedures.

Case against Bescom officials for transformer blast

ENS @BENGALURU

JNANABHARATHI police on Thursday filed a case against Bescom officials for alleged negligence after a 52-year-old man and his daughter died due to transformer explosion. The incident took place in Jnanabharathi on Wednesday evening and Shivakumar, a security guard and his daughter, Chaitanya, 18, succumbed to their injuries in the hospital late night.

The police issued a notice to the authorities concerned to take legal action based on a complaint filed by an elder brother of Shivakumar, Papanna.

The duo had sustained severe burn injuries in the mishap, a senior police officer said, and were shifted to Victoria Hospital, where they succumbed to their injuries.

Shivakumar was returning home on his scooter with his daughter riding pillion. They were residents of Manganahalli. The transformer installed by the Bangalore Electricity Supply Company (Bescom) exploded into a ball of fire spilling oil all around. The scooter was completely gutted in the mishap and the passers-by rushed the injured to the hospital.

Shivakumar had reportedly gone to Nagarabahvi to book a convention hall for Chaitanya's engagement which was scheduled in the first week of April. The blast, Bescom officials said occurred due to a technical snag, when they were passing through the main road. A team is investigating the incident to submit a report to senior officials.

Negligence led to blast, admits minister

BENGALURU: Energy Minister V Sunil Kumar admitted that negligence in attending to complaints led to explosion of a transformer, which claimed the life of a father and daughter near Manganahalli Bridge on Wednesday. The issue was discussed in both the legislative assembly and council. The minister replied that a preliminary probe had revealed that Bescom had received an alert at 12.50pm, but the complaint was not attended to.

Plea in HC seeks hostels for transgender students

EXPRESS NEWS SERVICE
@ Bengaluru

THE Karnataka High Court on Thursday sought response from the State Government on a PIL seeking directives to provide separate hostels for transgender students in all higher educational institutions in the state.

A division bench of Chief Justice Ritu Raj Awasthi and Justice SR Krishna Kumar issued a notice to the Department of Women and Child Development, Higher Education Department and Directorate of Medical Education.

It also issued emergent notice to the National Medical Commission and adjourned the hearing to June 6.

Claiming that refusal to accommodate transgender students as per their self-identified gender is a violation of the right to equality under Article 14 and 15 of the Constitution, the petitioner, Dr Trinetra Haladar Gummaraju, who claims to be the first transwoman doctor, urged the court to issue directives to the government to pass appropriate order to all higher educational institutions in the state to include in their admission and hostels forms the option for including the gender identity of students as transgender in addition to the male and female options.

The petitioner also requested the court to issue directives to all higher educational institutions to frame guidelines for admissions of transgender students providing option to change their gender identity in university records by furnishing self-declaration affidavits and not to insist for proof of surgery or medical intervention.

Explaining the ordeal she faced while studying, the petitioner quoted the announcement of separate hostel for transgender students by the Panjab University and Tata Institute of Sciences.

PETER VIDAL

25th March: Taurus is my sign of the moment. I'm a great admirer of people born under this sector of the zodiac. Or, at least, of their finer qualities! You can do no worse than choose a Taurean to feature amongst your closest friends. They'll stand by you through thick and thin – and who could ask for more?

ARIES (Mar 21 - Apr. 20)
As far as a financial or business arrangement is concerned, it is no use pretending that someone else is in the wrong or imagining that you've had a raw deal. Put the past behind you and make your fortune! Remember, though, that love can be the greatest treasure!

TAURUS (Apr. 21 - May 21)
You are keen to show the world the full range of your talents. Just one word of warning, though: you may not be as genuinely skilled as you imagine in all areas. If you're out to impress, consult the experts first - otherwise you might come a real cropper.

GEMINI (May 22 - June 21)
The challenging relationship between Venus, lady of love, and a number of other planets, decrees that even chance meetings could lead to fascinating alliances. You might even meet someone who attracts you in previously unimagined ways. Turn down no avenue that promises to lead to emotional fulfilment and pleasure.

CANCER (June 22 - July 23)
How about becoming more broad-minded about personal or domestic issues? Before the week comes to a close, you must make a firm resolution to be more tolerant, otherwise someone else will become more and more irritating until you finally want to scream!

LEO (July 24 - Aug. 23)
Current planetary activity is forcing you to conserve your energies, and about time, too. Remember the famous saying that we human beings do not live by bread alone. You must nurture your spirit if you are to feel truly satisfied and personally fulfilled.

VIRGO (Aug. 24 - Sept. 23)
You're in a good position to feather your own nest, so don't let other people get the better of you. Your social stars are shining brightly, so you should have few worries on the personal score. Stick around and you may even share in a partner's good fortune.

LIBRA (Sept. 24 - Oct. 23)
A series of highly significant aspects to your sign are now drawing to a close. However, as the dust settles, I think you'll see that, all in all, you've done extremely well, at least better than you once feared. A loved one is beginning to appreciate the effort you've put in on their behalf.

SCORPIO (Oct. 24 - Nov. 22)
Why hurry? By all means slow down and take your bearings. There is no reason why you shouldn't hold things up for a while, giving yourself more time in the process. Others must now allow you greater leeway. If they don't, then you'll probably get fed up!

SAGITTARIUS (Nov. 23 - Dec. 22)
Hopefully the Moon has done a good job, and you should now be able to detect a ray of hope on the work front. Only if you are determined to shoot yourself in the foot will you fail to prosper. By the same token you will succeed if you take all elementary precautions.

CAPRICORN (Dec. 23 - Jan. 20)
Life hasn't always been kind to everyone. Recent developments may have left someone close to you feeling rather bruised emotionally. If you have any compassion, and I know that you have, you will seek out wounded souls and do your best to help them.

AQUARIUS (Jan. 21 - Feb. 19)
It is your own lack of self-confidence which has prevented you from going the whole hog over career or emotional matters. From now on, you should press ahead with confidence and faith in your own future. After all, if you don't believe in yourself, it will be difficult for anyone else to give you their full support.

PISCES (Feb. 20 - Mar 20)
If you are prepared for a parting of the ways, you'll probably do rather well. The current set of Venusian alignments falls in favourable regions of your horoscope, and there could be fun just around the corner. At the very least, you can begin to change your own behaviour.

TB on the rise in Covid patients

Govt seeks report; Coronavirus has potential to activate Tuberculosis

EXPRESS NEWS SERVICE
@ Bengaluru

HEALTH Minister Dr K Sudhakar has asked for a detailed study and a report on Covid-infected people who have been diagnosed with Tuberculosis (TB) in the state. In Karnataka, there were 244 such cases in 2021.

Speaking at an event organised by the Health Department on the occasion of World TB Day, Dr Sudhakar said that for the first time in India, the Karnataka government has conducted TB screening on those who have recovered from Covid-19.

"Of the 38.02 lakh individuals screened in the state, 243 new TB cases were identified," reads the TB report. Dr Sudhakar, however, said, "TB has been detected among several people who have recovered from Covid-19. Among 25 lakh people tested, 144 people were found having TB. These people contracted TB after recovering from Covid-19." According to experts, severe Covid-19 damages the lungs of many people as the viral infection starts by targeting the respiratory system. The damage done to the lungs persists even after they recover from Covid-19.

"Covid-19 has the potential to activate Tuberculosis," says Dr Sanjay Kumar, Pulmonologist, SHRC Hospital, Bengaluru. He says a cough that refuses to quiet down for weeks or months after recovering from Covid-19 could either be a symptom of long Covid or could also be TB. According to health experts, the bacteria causing TB lies in a dormant state in many people for years. But it can get activated when the body has low immunity.

In rural areas, people don't get tested even if they are unwell. One TB patient can spread the disease to at least 10 people. If this happens, one person's negligence will end up harming others. So, a lot more awareness is needed. The State Government is spending more than Rs 5 crore each year to create awareness on various diseases, he added.

Victoria adopts remote monitoring system

EXPRESS NEWS SERVICE
@ Bengaluru

WHILE several private hospitals in Karnataka have recently shifted to remote patient monitoring solutions, the government-run Victoria Hospital's Trauma and Emergency Care Centre has turned to Remote Patient Monitoring Solutions to serve more than 3,500 patients from cardiology, pulmonology and surgical ICU departments, who were previously monitored manually every couple of hours. Victoria Hospital is one of the oldest and largest hospitals in India, with a bed capacity of over 1,000, and caters to over 11 lakh people across the state.

'MillionICU', an initiative that addresses the massive shortage of ICU beds and staff in public hospitals, has upgraded 144 normal beds to step-down ICUs in Victoria Hospital to facilitate critical care patients, and also save 7,958 nursing hours. The initiative was inaugurated on Thursday.

The hospital had first adopted continuous monitoring system during the pandemic for timely treatment of high-risk patients in non-ICU beds. Dozee, which claims to provide management to over 300 hospitals in India, has also set up a 24x7 central monitoring cell at the hospital, which enables healthcare staff to monitor multiple patients at a time.

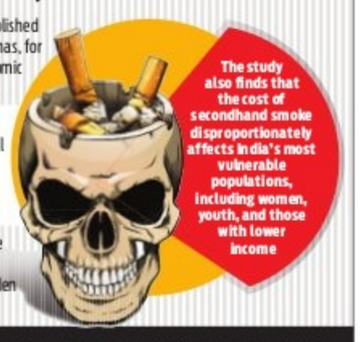
Ramesh Revanna, Nodal Officer TECC, Victoria Hospital, said, "The Trauma Care Centre at Victoria was a designated Covid-19 hospital till the end of last year, and now has a rush of patients seeking non-Covid services. We successfully treated over 12,000 patients during the first and second waves. Dozee's contactless monitoring system played a pivotal role during this phase with an early warning system. Our doctors get regular updates on any fluctuation in a patient's vitals, which are an indication to take necessary interventions." The initiative will help upgrade critical care infrastructure in several government hospitals across Karnataka and India.

PASSIVE SMOKING TAKES A TOLL ON HEALTHCARE SYSTEM, FINDS NEW STUDY

A study by Rajagiri College of Social Sciences published in the Journal of Nicotine and Tobacco Research has, for the first time, quantified the "tremendous economic burden" of secondhand smoke exposure in India

According to the study led by renowned Economist and Health Policy Analyst Dr Rijo M John, the annual direct economic costs attributable to secondhand smoking in India amounts to **₹567** billion (**₹56,700 crore**)

This accounts for **8%** of total annual healthcare expenditure on top of the staggering **₹1,773.4** billion (**$27.5 billion**) in annual economic burden from tobacco use



The study also finds that the cost of secondhand smoke disproportionately affects India's most vulnerable populations, including women, youth, and those with lower income

"The Rs 567 billion figure represents only one part of the total economic costs of secondhand smoke exposure. It does not include the additional indirect economic costs due to lost productivity, morbidity, and mortality caused by illness and early deaths arising from secondhand smoke exposure, that would further increase the final figure — Study

Ambulance row: Min blames Cong, gets schooled

EXPRESS NEWS SERVICE
@ Bengaluru

HEALTH and Medical Education Minister **Dr K Sudhakar** found himself in a spot on Thursday while replying to a query about ambulance services in the state raised by an Opposition legislator in the Assembly.

When Byatarayanapura MLA from the Congress Krishna Byregowda raised an issue during the question hour about delayed services of 108 Ambulances, which are allegedly failing to serve their purpose, Dr Sudhakar rose up and blamed the 'then government' which signed the Memorandum of Understanding with the service provider for ambulances in Karnataka.

He further added that in 2008, the State Government had signed an MoU with GVK ambulance services for 10 years. But years later, in 2017, as the service was unsatisfactory, the government had canceled the agreement and the agency went to court. "They are still continuing with the service," he said, adding that the government which signed the MoU was to blame for the situation.

The Congress members were, however, quick to point out that in 2008, the state was under BS Yediyurappa's BJP-led dispensation. "Are you saying that the BJP government has to be blamed?" the Congress members asked, with some even slamming Sudhakar for targeting the Congress all the time.

Later, Sudhakar said the agency, which was supposed to provide 750 ambulances, have only 500 to show. "A new tender will be called and we will be getting an additional 500 ambulances, which are expected to solve the problem," the minister informed.

73 STUDENTS INJURED IN HONEY BEE ATTACK

EXPRESS NEWS SERVICE
@ Bengaluru

AT least 73 students from NMKRV Degree College for Women in Jayanagar were injured when honeybees swarmed into the college premises on Thursday afternoon.

The injured girls have been shifted to three private hospitals where they were given first-aid as outpatients. Although their condition was not critical, many of them had massive swellings around the area where the bees stung.

During lunch break, when the girls were coming out of their classrooms, the honeybees invaded. It is yet to be ascertained whether a stone was thrown at a nearby beehive or it fell under its own weight. The girls rushed back inside their classrooms and shut all the doors and windows. However, the bees entered the PUC college premises of NMKRV.

Of the injured students, 28 were treated at Apollo Hospital, 25 at Ramakrishna Hospital, and 20 at Deepak Hospital, all in Jayanagar.

The college administration said they have asked the Bruhat Bengaluru Mahanagara Palike to remove all the beehives in the vicinity to avoid recurrence of such incidents.

No case registered yet

The police are yet to register any case. "We did not receive any calls from the hospitals or from the college about the incident, and so, no case has been registered. Neither the police control room nor the Bruhat Bengaluru Mahanagara Palike control room received any calls," said a police officer.

A couple of weeks ago, a police inspector and eight other police personnel had sustained injuries at Freedom Park when they were attacked by honeybees. Of the injured, two had to be treated in the Intensive Care Unit (ICU).

SPEAKER'S 'OUR RSS' COMMENT TRIGGERS UPROAR IN ASSEMBLY

Cong accuses Kageri of 'insulting the chair', ruckus ensues as BJP comes to his defence

EXPRESS NEWS SERVICE
@Bengaluru

LEGISLATIVE Assembly Speaker Vishweshwar Hegde Kageri's 'Namma RSS' (our RSS) comment kicked up a storm in the House on Thursday, with outraged Congress members accusing him of "insulting the chair". As BJP members came to the defence of the Speaker, chaos ensued with ruling and opposition party members trading barbs.

Kageri's comment came when Leader of the Opposition Siddaramaiah referenced the Rashtriya Swayamsevak Sangh while speaking about his personal relationship with political leaders in various parties. At this moment, Kageri intervened, asking the Congress leader, "Why are you behind our RSS."

Irked by this, Congress members created an uproar and condemned Kageri's statement. At some point, when Siddaramaiah mispronounced the Rashtriya Swayamsevak Sangh, Kageri even corrected him.

When Congress MLAs, including Zameer Ahmed, asked how a person sitting in the Speaker's chair can say "our RSS", Kageri defended his comment, saying a day will come when even Zameer will say "Namma RSS". This raised the heckles of the opposition with Siddaramaiah saying that he is opposed to the RSS.

As Congress members were condemning Kageri, BJP ministers quickly came to his defence. Revenue Minister R Ashok noted that the RSS has reached every corner of the country. "President Ramnath Kovind, Vice-President Venkiah Naidu, Prime Minister Narendra Modi and many Chief Ministers have an RSS background. This has to be accepted," he said.

Minister K S Eshwarappa said all Muslims and Christians in the country will accept the RSS. This led to more commotion in the House. Congress MLA Priyank Kharge said it is a known fact that RSS members burnt the Constitution at Ramlila Maidan, New Delhi. The BJP members rose in protest leading to more chaos. As the commotion continued, the Speaker adjourned the House.

White-topping roads costs 10X more than asphalting

IN THE HOUSE

EXPRESS NEWS SERVICE
@Bengaluru

CHIEF Minister Basavaraj Bommai on Thursday said there was a need to rethink of the white-topping of roads as it costs 10 times more than the regular asphalting.

Replying to a question by Congress MLC S Ravi in the council on Thursday, the CM pointed out that a km of regular asphalting costs Rs 70 lakh to Rs 1 crore, while it costs Rs 9-10 crore for white-topping. "I agree that the quality of the white-topped roads is better and durable, but we need to think at what cost we are doing it," he said.

"In all, 1,911.14 km of new roads were constructed at Rs 1,449.83 crore in BBMP limits in the last five years, while 100.60 km of new white-topped roads at Rs 1,014.20 crore was developed. Besides, Rs 4,110.05 crore was spent on road management. In the last three years, Rs 125.04 crore has been spent on filling up potholes in Bengaluru. Eleven people had died in 12 accidents that occurred because of potholes," Bommai told the House, to which Ravi replied that a large number of people have been injured in accidents because of potholes.

When the members advised the Chief Minister not to implement any project through the Karnataka Rural Infrastructure Development Ltd alleging that the agency has been involved in irregularities, the CM said the government has stopped giving works to the agency and is investigating the irregularities.

"As the pandemic hit, the BMRCL also suffered losses as Metro stopped running for almost two years and the recruitment notification was cancelled. For fresh recruitment, a new notification will have to be issued".

Why do legislators need gunmen? MLC asks HM

BJP MLC Ayanur Manjunath asked Home Minister Araga Jnanendra to withdraw gunmen provided to legislators. After Jnanendra replied to a question on the security provided to VVIPs and others, Manjunath asked why do legislators, who are elected by the people, need gunmen. JDS leaders approve resolution against TN

CONTINUED FROM PAGE 3

JDS leaders Bandeppa Kashempur and HD Revanna readily gave their approval for the resolution. The House took into consideration Tamil Nadu's resolution which was not in "decent language" and the projects it had undertaken.

The Supreme Court had allocated 177.25 tmcft of water to Tamil Nadu, and 24 tmcft of water to Bengaluru to meet its drinking water needs, including 4.75 tmcft for consumptive use. The Mekedatu drinking water and balancing reservoir has been planned to achieve sustainability and generate electricity, and will not affect Tamil Nadu in any way, Bommai explained. The National Water Policy stresses that priority should be given to drinking water, and the project does not violate the Cauvery River Water Tribunal order, he added.

Tamil Nadu has taken up projects such as Kunda PSP, Sillahalla PSP, Hogenakkal Phase-II, Cauvery (Kattalai)-Vaigai-Gundar river linking illegally, he pointed out.

Senior Congress leader H K Patil felt that Bommai should have restricted the resolution to the Mekedatu project alone, and not included the Peninsular River Development project, as it amounts to accepting a project which is detrimental to Karnataka.

"It results in lifting of Almatti dam water to Tungabhadra dam, which will help the neighbouring state, while Karnataka will lose its share. Hence, we have been opposing the project since late JH Patel's tenure as chief minister," he remarked. Following this, Bommai gave his consent to an amendment, to urge the Centre not to give approval for "illegal projects" of Tamil Nadu.

Agency to seek custody of suspects

ON March 2, police had invoked sections of the Unlawful Activities (Prevention) Act (UAPA), 1967, against the arrested. The invocation of the stringent Act was a precursor to handing over investigation to the NIA.

The counter-terrorist agency will now seek custody of the arrested suspects to start investigations in the case. Meanwhile, Union Minister Shobha Karandlaje had written to Union Home Minister Amit Shah on February 22, requesting him to hand over the case to NIA.

Siddaramaiah got his first Kannada lessons on sand

EXPRESS NEWS SERVICE
@ Bengaluru

MANY summers ago, long before he got his law degree, a young Siddaramaiah learnt to scribble the Kannada lipi on sand. Then, he was part of a folk dance troupe. "Unlike many, I did not learn how to write on a slate, but on sand, under the guidance of my dance teacher," Leader of Opposition Siddaramaiah recalled his initial days of learning.

It was during a discussion in the Assembly on Thursday that a BJP MLA pointed out that the Congress leader was looking young after shaving his beard, to which Siddaramaiah said he was 75 years old, according to his school admission records, and even that was not authentic.

"Neither do I know my date of birth, nor did my parents know. When I was admitted to Class 5 directly, the school teacher wrote a random date on the admission form, that I use as my date of birth. Though all my official records have this date, it is not my true birthday," he said.

Recalling his childhood days, he said both his parents never went to school, and his father admitted him to Veera Makkala Kunitha, the folk dance troupe in his village Siddaramana Hundi.

"Fortunately, one of my dance teachers taught me how to read and write Kannada during free time. He taught me to write on sand. In two years, he taught me the alphabet, grammar and much more. It is something I can never forget," he said.

During primary and high school days, he had dedicated teachers who taught passionately. "Because of them, I was able to read and write, and become literate," he said.

Appreciating the former CM's knowledge of Kannada, Congress MLA Krishna Byregowda said no one in the House has better knowledge of Kannada grammar than Siddaramaiah. "Not just finance and social justice, Siddaramaiah has good knowledge of Kannada. He can enlighten children in schools with his amazing knowledge," Byregowda said.

Speaker Vishweshwar Hegde Kageri quipped that if Siddaramaiah questions children, it might not be an issue, but if he questions teachers, it could become problematic for them.

HC crossed limits in 3-capitals case: Jagan

EXPRESS NEWS SERVICE @Vijayawada

TAKING strong exception to the Andhra Pradesh high court's ruling in the Amaravati case that the State legislature has no "legislative competence" to relocate the capital, the AP Assembly on Thursday said that the HC has crossed limits by violating the federal spirit and encroaching on legislature's powers.

Participating in the debate, Chief Minister Jagan Mohan Reddy emphasised that decentralisation is a government policy and the State has the full powers to implement it. "We will not step back on decentralisation," he said.

The debate was in the backdrop of the court's verdict on a batch of petitions against the government's three-capitals move. The HC ordered the government to provide basic infrastructure in the capital region, return developed plots and complete development of Amaravati within six months. Jagan said his government is taking legal opinion and exploring ways to challenge the adverse judgment. The court had further ruled that the legislature has no legislative competence to enact a law to relocate the capital.

The court had ruled that the legislature has no legislative competence to enact a law to relocate the capital even though the government had withdrawn the three-capitals proposal.

The CM urged the court to think how fair is it to say the State has no power. "We are not here to disrespect the court. We have great respect for the High Court. At the same time, the Assembly's respect and powers must also be protected. It is the responsibility of the legislature," he said.

KERALA GOVT MUST STOP SILVERLINE INTIMIDATION

The Kerala government's bullishness on the SilverLine railway project, despite the mounting protests, should not belie the fact that, as of now, it is building castles in the air. For, the plan to build a 530-km semi high-speed railway line connecting Thiruvananthapuram and Kasaragod is only an idea at the moment—an idea that could very well remain on paper unless the Pinarayi Vijayan government can convince the Modi administration of the need for and viability of the project, and placate the enraged public in the state and enlist their support.

Vijayan met Prime Minister Narendra Modi in New Delhi on Thursday and requested speedy clearance for the ₹64,000 crore project but received no assurance in return. And while protests against development projects are common in Kerala, the growing anger against how the government is pushing its ambitious plan seems beyond its resources to manage at the moment. The presence of a large number of people, including women and children, at protests against the laying of survey stones for social impact study has burst the ruling CPM's argument that the agitation is the sole handiwork of opposition parties with the help of extremist elements.

Not only the opposition and environmentalists, even Union railway minister Ashwini Vaishnaw has also raised questions about the financial and technical viability of the project. The state government hasn't provided a credible explanation on the glaring mismatches between the Detailed Project Report and feasibility reports. The daily ridership initially estimated at 45,650 was revised to 82,266 in the final feasibility report without any explanation. There is no clarity either on the safety zone that needs to be kept on both sides of the line. Despite there being no certainty of the project materialising, the government has started laying out survey stones, in the guise of conducting the mandatory social impact study, thus virtually identifying land that will need to be acquired. And those protesting are being dealt with using brute police force.

The people's anger against marking out their properties for a yet-to-be-approved project is justified. The government's intimidation tactics are not. It is free to go ahead with its study, but without threatening people or disrupting their lives. For any further action on the project, it must wait for the final clearance from the Centre.

KCR GROUNDWORK FOR EARLY POLL AGAIN?

Lately, the political temperature in Telangana is shooting up as the actions of Chief Minister K Chandrashekar Rao suggest that early polls to the state Assembly are on the cards, despite his assertions to the contrary. He has been changing gears very fast, sending a delegation of TRS ministers and MPs to New Delhi to put pressure on the Centre to procure rabi paddy from the state, announcing notifications for filling over 80,000 government jobs, hiring the services of poll strategist Prashant Kishor to know the pulse of the people and commissioning constituency-wise surveys.

Though the present Assembly has time till December next year, the chief minister does not seem interested in taking any chances. He seems determined to stymie any attempts by the BJP in making political gains with its Hindutva slogan and the trenchant attack on him for his "alliance" with the AIMIM and his "family rule". At the same time, he wants to cut the Congress down to size by playing up the internecine quarrels that plague the grand old party. Though TPCC president A Revanth Reddy can cast a spell on people with his fiery speeches, he has to take along with him a battery of senior Congress leaders who are not happy with him for bulldozing his way to the top position in June last year after joining the party in 2017.

KCR looks set on going in for snap polls to ensure both the Congress and BJP cannot hold long and sustained campaigns that could have a lasting impact on the voters. With the BJP romping home in four of the five states in the north, KCR does not want the saffron party to grow in strength in the state. KCR so far is several steps ahead of the two parties in the political chess game. At the moment, he is busy building an anti-BJP wave among the farmers, blaming the PM for the Centre's refusal to procure rabi paddy from Telangana. Going forward, KCR might even sit in a dharna in Delhi to be seen as the messiah of farmers.

In India, there are many admirers of Singapore's political system. But what they don't realise is that it had to pay a heavy price—the essentials of a vibrant parliamentary democracy

SINGAPORE POT CALLING INDIAN KETTLE BLACK

Speaking in the Singapore Parliament on February 15, Prime Minister Lee Hsien Loong contrasted Jawaharlal Nehru's India with Prime Minister Narendra Modi's, where many members of Parliament have criminal records pending against them. The Government of India was up in arms and the country's media published screaming headlines criticising the unwarranted remarks about Parliament. The speech was not in the context of India-Singapore relations. Prime Minister Lee was highlighting the necessity to have high standards among members of Parliament. To buttress his point, he referred to the Indian example. Nehru set very high standards, whereas today "almost half of the MPs in the Lok Sabha have criminal charges pending against them". The issue should not have been played up; Modi should have spoken to Brigadier Lee about the resilience of Indian democracy and how various parties have come to power through the ballot box. As a result, all political parties, from the extreme right to the extreme left, have become upholders of the status quo. What is more, if India has survived as a nation it is because the country upholds democratic values.

The wheels of justice do grind but they grind slowly. Last month we had the example of Lalu Prasad Yadav, the Bihari politician, who amassed wealth in the fodder scam and was sentenced to imprisonment. While the Singapore PM talked about democracy, is the record of the island nation clean? In the early years of Singapore's independence, Wee Toon Boon, Minister of State for Environment, "friend and comrade of Lee", was found guilty of corrupt practices and sent to jail. The Singapore government pays attractive salaries to ministers because it believes that they could be dissuaded from taking bribes. Whereas the Indian example suggests the contrary—the more money they have, the greedier they become.

In India, there are many admirers of Singapore's political system and the dynamism and drive with which Lee Kuan Yew built the island republic. They are mesmerised by his personality. From the third world, the island republic has become a part of the developed nations. But what the Indian sycophants do not realise is that the people of Singapore had to pay a heavy price. The essentials of a vibrant parliamentary democracy—multi-party system, free and fair polls, free press, active trade unions and students unions, an independent judiciary, etc.— become memories of the past. It is a strange irony but true to say that Singapore under the British colonial rule enjoyed greater political freedom than what the nation has after 1965. *Time*, *Newsweek*, *The Wall Street Journal Asia*, *Far Eastern Economic Review*, all these publications that by no stretch of imagination can be characterised as radical, had to face the ire of the Singapore government at one time or another. The *Far Eastern Economic Review*, a few years ago, aptly described the situation as follows: "Sometimes, it seems that in Singapore, the principal freedom left is freedom to conform".

Nobody claims that Malaysia is an ideal democracy. A Malaysian scholar, Zakaria Haji Mohammad, rightly termed the country's experiment as a "quasi-democracy in a divided society". Lee was fully aware of the Malay dominance and how their leaders subscribed to the view that though lesser in number than the Chinese in Singapore, their dominance would continue in the new federation. As time went on and his hopes of becoming a partner in the Alliance Government was shattered, Lee began to challenge and sharply criticise the political system, including the cardinal principle that Malays are the *Bumiputera* (sons of the soil) of the country. The highly respected Dr Ismail Abdul Rahman, the former home minister of Malaysia, had given an illustration of the Singapore leader's doublespeak. In private conversations, Lee wanted more restrictions on the trade union activities, whereas, in the same breath, he added that when a bill for the same was to be introduced in Parliament he would stoutly oppose it.

Equally interesting is Lee Kuan Yew's advocacy of eugenics: If an intelligent boy marries an intelligent girl the child would be a prodigy. In India, we believe that equality of opportunity would enable even poor boys and girls to rise in life. Abdul Kalam, who sold newspapers in his childhood to supplement family income, could rise and become President of India

Lee also began to denigrate Tunku Abdul Rahman, the former Malaysian prime minister, and his colleagues during his visits abroad. The prime ministers of Britain, Australia and New Zealand were personal friends of Tunku and when he came to know about this unfortunate development, he was deeply distressed. Speaking at the National University of Singapore, in December 1964, Tunku said that if some in Singapore chose to play politics, it would invite trouble and all Malaysia would suffer. To quote Tunku: "If the politicians of various colours and tinges and flashes in Singapore disagree with me, the only solution is break away, but what a calamity that would be for Singapore and Malaysia."

The basic principle of parliamentary democracy is the one man, one vote system. India and Sri Lanka have gone ahead and reduced the minimum age of voting from 21 to18. Whereas Lee, in a wide-ranging interview with journalist Fareed Zakaria, had questioned the one man, one vote system and pleaded for two votes to citizens in their late thirties, because they would be more mature than the younger and older lot. Equally interesting is his advocacy of eugenics. If an intelligent boy marries an intelligent girl the child would be a prodigy. In India, we believe that equality of opportunity would enable even poor boys and girls from rural backgrounds to rise high in life. Abdul Kalam, born in Rameshwaram, who was selling newspapers in his childhood to supplement the family income, could rise very high and become the President of India. K R Narayanan is another shining example, born in Kerala in a pulaya family, he went to England for higher studies, became the vice-chancellor of JNU and later the President of India

From an Indian point of view, a choice between democracy and development—posed as contradictory by Lee—is not the correct and sensible way to approach the problem. Jagdish Bhagwati had lucidly argued that the "dilemma is by no means a compelling necessity, that one may be able to eat one's cake and have it too; either democracy does not handicap development, or in the best of circumstances it even promotes it". One may go further and view economic development along with Prof Amartya Sen, the conscience of the dismal science, as a process of "expansion of the positive freedoms that people enjoy". To quote Sen, "The connection between rights and needs are not merely instrumental; they are also constitutive. For our conceptualisation of economic needs depends on public debates and discussions and the guaranteeing of those debates and those discussions require an insistence on political rights".

CULTURAL ROOTS TO VLADIMIR PUTIN'S PERSONALITY

GAURAV DAGA

Associate Vice President at Guidance, Government of Tamil Nadu

Although I have never been to Moscow, the creation of Lenin's Mausoleum has always fascinated me. Why would a regime of Marxists, who do not believe in a soul, create such a structure? After all, a body is just a body, it's just chemicals.

Well, as American historian Arch Getty argues, the connection between the body and the state in Russian history is that the 'body' is the state. The sovereignty and legitimacy of the state flows through the body. In the Soviet period, slogans such as 'Lenin lived, Lenin lives and Lenin will live', transformed the bodily figure of Lenin into a charismatic, immortal and transcendental image of the state. To protect the body was to protect the state and hence Lenin's body was more than chemicals, it was their power. It was their authority, as Max Weber could describe it.

The personification of individuals is, however, not new to Russian culture. From Nicholas II, the last Czar of Russia, to today's Putin, we see such imagery. Check out any meme of Putin and you will see him riding animals, playing with machines, singing songs or swimming in lakes. His image is of an authoritative leader who can defend the state and act tough to anyone—even to his ministers or officials. A tough Putin means a tough Russia.

This personal embodiment of power is also reflected in the way meetings were conducted by Putin in recent months. Anyone who wants to meet Putin must isolate 14 days before the meeting, take RT-PCR, or sit at a very long table far away from him. When French President Emmanuel Macron and German Chancellor Olaf Scholz arrived in Moscow in early February, they both declined to take the Russian Covid-19 test citing fears of DNA theft; hence, they had to sit at a distance from Putin. This table politics was also visible when Russia's own ministers met the leader. While it can be seen as a power play on international politics or personal paranoia, the body politic under Putin can be seen as patrimonial, as it was with Stalin.

Putin has been in the realm of power since 1999 and by any political yardstick, age is on his side, meaning he could contribute more to politics by remaining in power. Further, an authoritative and a patrimonial figure is seen as bringing stability to the state. Hence, the recent constitutional amendment nullifying the presidential term limit shows us the continuity of such bodily politics. 'Putin lived, Putin lives and Putin will live' can be said to be the new slogan of Russia.

The sovereignty and legitimacy of the state flows through the body. In the Soviet period, slogans such as 'Lenin lived, Lenin lives and Lenin will live', transformed the bodily figure of Lenin into a charismatic, immortal and transcendental image of the state. To protect the body was to protect the state and hence Lenin's body was more than chemicals

This iconography and creation of a cult-like figure are central to the image of the body as the state. The personal is political.

What is unique to Putin, however, is the way he derives his power and authority. Stalin or Khrushchev used to derive their authority by reviewing the military parade atop the Lenin Mausoleum. The 'party' served as the basis for their legitimacy. For Putin, the creation of a macho image and his charismatic leadership gave people the stability missing since the 1980s. Gorbachev or Yeltsin were seen as weak leaders. They were seen as leaders who brought humiliation to the state. Putin's approval ratings, on the other hand, if they are any indicator of popularity, stood at 71% (just before the Ukraine crisis).

What is however unclear with Putin is the line of succession. One saw a clear line of succession, at least pictorially, with the Czars or with Lenin and Stalin, and even briefly with Medvedev. But with Putin, neither line of succession or proximity to power can tell us about his successor. His power struggle with Mikhail Khodorkovsky and others, which was seen to be personal, was converted into a tax or fraud matter of the state.

The embodiment of Putin as the state and continuation of old practices does not mean that structures, economies, ideologies have not changed over time. Rather it gives an indication of certain culturally embedded practices that operate today.

Seen from this perspective, the expansionist pursuit of NATO is bound to hurt Putin. It is, as a piece in *Foreign Policy* puts it, "a denial of Russian status in the region and beyond". Historically, Russia has faced humiliation since the 15th century, most recently with the collapse of the Soviet Union. But Putin is not irrational. His attack on Ukraine is not to make Russia 'great again', as David Brooks puts it. The reason is precisely the opposite. Putin attacked Ukraine so that Russia can save itself from humiliation. It is possible that invasion may have never been the point of the Russian. But only history will tell us if he is to be remembered like Ivan the terrible or something else.

CM's insensitive comments

This is with reference to *HC steps in. Don't forgive culprits, says PM Modi* (March 24). That the Calcutta High Court has taken the matter quite seriously and asked the state government to file its probe report by 2 pm on Thursday is indicative of the fact that such arson has become routine in Bengal. It is said that country-made bombs were freely used, and the most insensitive part was that CM Mamata Banerjee likened the situation to people approaching the court for very small reasons.

Trinamool's desperation

The Trinamool Congress has come under a cloud for the horrific killing of eight persons, including two children, in an alleged revenge attack. The TMC came in for barbs from almost all quarters, including Prime Minister Narendra Modi and the National Commission for Women. Trinamool goons have a dubious reputation of going on the rampage at will. So Didi alleging that the opposition is accusing the government and that the Centre is diverting attention away from the fuel price hike smacks of desperation.

Remain wary of Pak

This is with reference to the editorial Endgame for Imran in Pakistan's power establishment (March 24). A change of guard in Pakistan is imminent and it is only a matter of time. We all know that Pakistan is a state where the army has the final say in all decisions. Even if there is a regime change, we cannot expect any cordial relations from Pakistan. Every prime minister or ruler in the country has used Kashmir as a common refrain to survive in the political arena of Islamabad. India therefore has to remain wary of its neighbour's unpredictability.

No support for SilverLine

What CM Pinarayi Vijayan is forgetting is that the people of the state are opposed to SilverLine as more reports of alignment adjustments being made to the project to save the property of LDF ministers are tumbling out.

As polls end, fuel price rise

The Union government is definitely not doing things right as far as the prices of petrol, diesel and LPG are concerned. The Modi government has become the butt of jokes for holding the price of fuel constant for 137 days and waiting for the elections to be over.

Speed delivery a bad move

Zomato has announced its 10-minute food delivery service to specific nearby locations. Although its founder Deepinder Goyal has assured people that the company would not penalise workers for late deliveries and offer no incentives for on-time service, one needs to wait and see whether the promise will actually fructify. As it is, Zomato delivery staff can be seen rushing at breakneck speed, throwing all traffic rules to the wind and endangering not only their lives but also those of other road users. The 10-minute delivery offer is likely to make matters worse.

THE WAR THAT IS CHANGING RELATIONS, RULES

S GURUMURTHY
Editor, Thuglak, and commentator on economic and political affairs

PART-2

HAVING pushed Ukraine into war, the US does not know how to save it. Having started it, Russia does not know where to end it. Having been pushed into the war, Ukraine does not know how to come out of it. It accuses its adversary Russia saying it is an invader and charges that its friends are betrayers. The UN Security Council keeps on meeting without any result. The global TV network for which the war is a reality show, a boon, keeps demonising Russia and valourising Ukraine. What the desperate Ukraine needs is a ceasefire. It is running from pillar to post — from India to Turkey to France, to Israel, to Japan — pleading with them to talk to Putin for a ceasefire. Everyone is talking to everyone else. But Biden is not talking to Putin and Putin is not talking to Zelenskyy. This is the sad state of the efforts to stop the war. Poor Zelenskyy. What he is now saying to end the war — that we will not apply to join NATO, we will remain neutral — had he said that before, the war would not have started. Russia has staked everything – its goodwill, its economy and its last atom bomb – like a jihadi, making the West shudder to think of taking it head on. But the war is bound to end. When is the only question. When it does end, Russia would have got all that it wanted and Ukraine would have given all that it had denied. And the West would have realised and the world would have known how needless the war was. But, what kind of world will the pointless war leave behind?

A world of distrust

The worst outcome of the Ukraine war is that it has shown that anything and everything can be politicised and weaponised — from financial transaction systems like SWIFT, to banks, private companies like Google to civilian airspace. SWIFT is a high security neutral financial network created by an NGO and used by 11,000 financial institutions in 200 countries. By jamming this critical network, the Ukraine war has destroyed the most basic of mutual trust among nations. Take India. The share of Google in Indian email accounts is 62 per cent. Were India to fall foul of the West, the entire country can be brought to a halt by Google. Each nation or group of nations will now look for alternatives. Another message is that even Switzerland, which remained neutral in the two world wars, can't remain neutral in a West vs others scenario. A telling message of the Ukraine war is that no country can trust even the global commons. It leaves behind a world of distrust. It will increasingly force each nation to be on its own — *atmanirbhar* being the Indian idiom for it, the very antithesis of globalisation. An alternative to SWIFT is already underway with some 63 central banks collaborating on a new payments system.

The Ukraine war leaves behind a world of distrust. It will increasingly force each nation to be on its own — *atmanirbhar* being the Indian idiom for it, the very antithesis of globalisation

US leadership dented

The Ukraine war seems to have dented the US global leadership in more than one sense. First, it has delivered the most telling message that the US can't protect its own protégé. Next, that it had to solicit a virtual meeting between Biden and Xi Jinping (XJP) to get China to the US side or to end the war itself, exposed its weakness. Donald Trump would perhaps have handled Russia and Ukraine differently, not allowed China to be the proverbial monkey between two tigers, the US and Russia. Anyway the two-hour talk Biden had with XJP did not go well for him. XJP reportedly snubbed Biden saying "those who tied the bell to the tiger must untie it," clearly blaming NATO for the war. XJP used the talk to advance China's claim to be equal to the US, saying they should jointly shoulder "international responsibilities" for world peace and tranquility. According to a Chinese report, XJP seems to have said that one hand cannot clap, suggesting that NATO should have a dialogue with Putin and address his security concerns, implying NATO expansion as the issue. XJP, of course, has also spoken in support of the principles of sovereignty and territorial integrity of all states. He seems to have insisted on bringing the China-US ties under turmoil over a host of issues, including Taiwan, Hong Kong, Xinjiang and Tibet, on "right track" — something completely beyond the agenda of Biden on that day.

The US media had reported that Biden threatened XJP. On the contrary, he seems to have got snubbed. Biden's effort to wean China away from Russia has failed at the minimum. If this is what the US got from China, *The Wall Street Journal* reported that Saudi Arabia and the UAE declined calls from Biden to ease oil prices unless the US supported them in Yemen and elsewhere. Arab allies of the US have refused to toe its line. Israel did criticise the Russian attack but its stand was so nuanced as not to take the side of the West. Turkey's position is identical to Israel's. *Al-Jazeera* even sees a strong alliance between Russia and UAE. Another collateral setback to the US is Syrian president Assad's visit (after 11 years) to UAE about which the US could only lament that it was "disappointed and troubled". Syria and Russia are close. On top of it all, Saudi Arabia, whose oil has been priced in US dollars for five decades, is considering pricing it in Yuan for sales to China. One more important development. The Chinese foreign minister was invited for the first time to the meeting of the Organisation of Islamic Cooperation. These are not ordinary developments. The Ukraine war has undoubtedly eroded US influence over even its allies.

China's Taiwan angle

China seems to have gained far more than it has invested in Ukraine. By subtly encouraging the US vs Russia scenario in Ukraine, China had ensured that the focus of the Biden regime was more on Russia and Ukraine and less on containing China. Being surreptitiously privy to and supporting Russia on Ukraine action, Beijing has gained an IOU from Russia if in future it has to move on Taiwan. XJP's firm and equal dealing with Biden has dented the US capacity to confront China on Taiwan. If Biden had secretly conceded more to XJP on Taiwan as some reports say, China would have hit a jackpot. Despite that, if the US had drawn a blank with XJP, it would have been a disaster for Biden. China's Ukraine strategy seems intended to advance its efforts to grab Taiwan – its greatest ambition and top most priority of XJP. The Ukraine war has exposed the limitations of the US and the West to step in to save its non-formal ally. The Taiwan Relations Act only ensures defence supplies by the US to Taiwan and nothing further. In comparison to Ukraine, which the US recognises as an independent nation, Taiwan's status is much inferior. If China makes a decisive move against Taiwan, the US could do very little given its show in Ukraine — to say nothing of the Afghanistan debacle.

India's growing stature

Despite being part of Quad and with deep strategic partnership with the US, India's neutrality, with an implicit pro-Russian tilt, was a calculated geopolitical risk India took at the very start of the Ukraine war. Subsequent developments not only won understanding but also acclaim for it. A displeased America had to concede India was an exception among its allies. Surprisingly, amid the raging Ukraine war New Delhi became the centre of hyper diplomatic activity. Scott Morrison, the Prime Minister of Australia, a Quad constituent, had a virtual meeting with the Indian Prime Minister, promised investments and said that the Quad nations understood India on Ukraine. Fumio Kishida, Prime Minister of Japan, another Quad member, paid his first official visit abroad to India. And keeping aside the differences between the two on Ukraine, he signed six strategic agreements and committed to investing $42 billion in the next five years. The Greek foreign minister was in Delhi on March 22 and 23 and the Oman foreign affairs minister was in Delhi for two full days, March 23 and 24.

China and India have had border clashes for the last two years. Surprisingly, its foreign minister Wang Yi is visiting Delhi on March 25 — a significant development. India's independent position on Ukraine is itself a message to China that India would withstand US pressure. If it can lead to some trust and understanding between China and India on the borders, that can pave the way for an informal Russia-China-India axis for future. Naftali Bennett, the Prime Minister of Israel, a US ally, is making a four-day long visit to India in April first week at the invitation of "his friend" Indian Prime Minister Modi. India is boldly going ahead with the purchase of Russian oil amid US sanctions on Russia. Though India has not voted for Russia, it has taken a firm position on the discovery of a bio-weapon facility in Ukraine funded by America. And America, despite loosely calling India shaky on the Ukraine war, has not applied the CAATSA law to stop the sale of Russia's missile system to India. Undoubtedly, the Ukraine war diplomacy has shown India's rising stature. The greatest tribute to India's policies came from the most unlikely of quarters, Pakistan. Praising India's foreign policy as free and independent, Prime Minister Imran Khan said, "India is allied with America and is part of the Quad alliance and yet it is neutral on Ukraine, imports oil from Russia despite US sanctions, because its policy is oriented to the betterment of its own people."

India's position on Ukraine is a message to China that it would withstand US pressure. If it can lead to some understanding on the border, it can pave the way for a Russia-China-India axis

Shift away from the dollar?

The war's collateral impact may be on the US dollar and the global financial order itself. With the dollar-based globalisation already under stress, the role of the greenback in the global financial system may decline. The dollar power enabled dominance of the financial economy over the real economy, particularly the commodity economy. The US sanctions which are bound to affect the Russian oil sale, may also affect the US dollar.

The strength of the US dollar depended, said two Harvard economists in 2006, not on the laws of economics but on the laws of physics, which said a dark matter sustains the universe. The dark matter which sustains the dollar value, they said, is the insurance that the US system and geopolitical power provides to the dollar. That insurance is what is under stress since 2008. With the rise of Asia and China, the US dollar cannot be said to continue to have the same insurance value. The share of USD in the global forex reserves has touched a 25-year low of about 59 per cent. If important nations shift to their own fiat currency based trade like the Rupee-Ruble arrangement between India and Russia and if an alternative to SWIFT can be found, the move away from dollar can accelerate. For instance, if India and China begin paying for their trade in their fiat currencies rated to the US dollar and at the year-end pay the net in terms of the dollar, the overall demand for the dollar will contract rapidly. It is the demand for the dollar that sustains its value. These kinds of developments post the Ukraine war can have a far reaching impact.

To end, in just weeks the needless Ukraine eruption has disrupted the world as if forever. Thanks to it, the post-cold war world already stands on its head — disrupting old relations, making new ones, undermining existing power centres, creating new, multiple influence centres. Its impact will keep unfolding for a long time.

Dhami says panel for Uniform Civil Code in U'khand on the cards

VINEET UPADHYAY @ Dehradun

CHIEF Minister Pushkar Singh Dhami on Thursday approved constitution of a committee to implement Uniform Civil Code in Uttarakhand. The decision was taken in the first cabinet meeting of the new government.

"I am happy to inform that the state cabinet has unanimously approved the constitution of a committee of experts. The committee will be formed at the earliest and Uniform Civil Code will be implemented in the state soon," said Dhami after the cabinet meeting.

"It will be a significant step towards fulfilling the dreams of the nation's founding fathers who framed our Constitution. This will be an effective step towards fulfilling Article 44 of the Constitution which presents the concept of equitable law for all citizens regardless of religion."

Earlier, Dhami had announced that if BJP retains power in Uttarakhand, a committee comprising legal experts, retired professionals, intellectuals and others will be constituted to implement the UCC. He had also said that UCC will cover all aspects related to marriage, inheritance, divorce and other issues irrespective of religion.

Meanwhile, with the Dhami cabinet leaving out three faces — Bishan Singh Chuphal, Arvind Pandey and Basidhar Bhagat — this time, finding a seat for the CM has become a bit complicated. Dhami has to be elected as an MLA within six months because he had lost in the elections held recently. Sources said that after expressing willingness to vacate his seat for Dhami, Chuphal is thinking otherwise now, after losing his cabinet berth.

We are a Himalayan state with a distinct cultural and religious heritage. We share borders with two countries. So, a Uniform Civil Code is necessary. We expect other states to follow us

Pushkar Singh Dhami

Allocation of portfolios has also become a complex exercise. Important ministries like health, education, tourism, forest, mining are much sought after. The eight ministers who have taken oath are Satpal Maharaj, Ganesh Joshi, Premchand Agarwal, Rekha Arya, Saurabh Bahuguna, Chandan Ram Dass Dhan Singh Rawat and Subodh Uniyal.

Three more berths in the cabinet are vacant, which means there could be an expansion in the future. It is to be seen if the three left out find places then.

Yogi vows to make UP a trillion dollar economy

Home Minister Amit Shah greets Yogi Adityanath after the latter was elected leader of the BJP Legislature Party in Uttar Pradesh, in Lucknow on Thursday | PTI

NAMITA BAJPAI @ Lucknow

EXTENDING his gratitude to the people of Uttar Pradesh for the huge mandate given to BJP for a second consecutive term, an emotional Yogi Adityanath, after being unanimously elected as legislative party leader on Thursday, reiterated his commitment to fulfill the '*sankalp*' (resolutions and promises) mentioned in the party's election manifesto with honesty and dedication.

At the same time, he exhorted BJP MLAs and allies to work together to take UP further on path of rapid development. "We have to work with conviction to take UP on top in the country and realise PM Narendra Modi's dream by making it the number one economy," said Adityanath. He reieterated that his goal is to make Uttar Pradesh a trillion dollar economy. Adityanath will take oath as CM on Friday.

He also cautioned the MLAs against committing the mistake of considering themselves the master of people after getting elected. "Instead, work as the people's servants following PM Modi, who always works as the '*pradhan sewak*' (principal-helper)," said Adityanath. "Getting power should not be a matter of pride. Rather, it should be bigger responsibility to serve the people of the state with more vigour, dedication and honesty," he added.

"We have to compete with ourselves. In our previous stint, our good governance had to compete with the poor governance of previous governments. But now, we have to work hard on ways to make the benefits of good and clean governance reach every household and to those standing on the last rung of the society," he said.

Union Home Minister Amit Shah, who supervised proceedings of the legislature party meeting as central observer, praised Adityanath. "He has been elected for a second consecutive term for the work he did in the last five years."

After raising Kashmir issue in Pakistan, Chinese foreign minister reaches India

YESHI SELI @ New Delhi

CHINA'S Foreign Minister **Wang Yi** arrived in India on Thursday for a two-day visit. He is in India after attending the Organisation of Islamic Cooperation (OIC) meeting in Pakistan, where he supported their stand on Kashmir.

This evoked a lot of criticism in India and the Ministry of External Affairs issued a reaction suggesting that he or anyone else refrain from commenting on India's internal matters. Wang made, what was stated to be an unannounced visit to Afghanistan, and he met his counterpart there.

In a release by Taliban, it was stated that besides political, developmental and diplomatic ties, there was talk of commencing mining work by China in Afghanistan.

On Friday, the Chinese foreign minister is likely to meet External Affairs Minister, S Jaishankar, and National Security Advisor Ajit Doval.

This is the first official visit of a senior Chinese official since the Galwan episode in 2020. India hopes there is a resolution on the LAC.

Meanwhile, Jaishankar, at his college alumni meet on Thursday, said, "India faces more than its fair share of external challenges because so many of our boundaries have not been settled. Given the serious repercussions, diplomacy is also very relevant to ensuring peace and tranquility if not more." It's for the same reason that India will try to work out a peaceful resolution of the LAC, despite the hard feelings due to China's comment on Kashmir, he said.

"Where China was concerned, the diplomatic interactions that are going on in parallel to the military stand-off since May 2020 illustrate that foreign and defence policies are really joined at the hip. Here too, the value of global support and understanding is self-evident," added the external affairs minister.

Ministry slams comments on India made at OIC event in Islamabad

New Delhi: India has taken a stern view of what was pronounced during the recent meeting of the Organisation of Islamic Cooperation (OIC) in Islamabad and labelled it as irrelevant. India has objected to Pakistan's narrative on Kashmir, comparing it to Syria and Palestine, and also to China's foreign minister saying that India has been fighting an armed rebellion in Kashmir. "The statements and resolutions adopted at the meeting demonstrate both the irrelevance of the OIC as a body and role of Pakistan as its manipulator," said Arindam Bagchi, spokesperson of the Ministry of External Affairs. "References were made to India based on falsehoods and misrepresentation. The absurdity of this body commenting on the treatment of minorities is so evident," Bagchi said.

No bail for former NSE official Subramanian

New Delhi: A Delhi court on Thursday dismissed the bail application of former National Stock Exchange group operating officer Anand Subramanian in the co-location scam case. Special Judge Sanjeev Aggarwal denied relief to Subramanian, who impersonated as 'Himalayan Yogi', saying the accused was holding pole position at NSE, the affairs of which are under investigation. The court passed the order after hearing the counsels of CBI and Subramanian, who is in judicial custody. "There are strong chances that he may influence the relevant witnesses or tamper with evidence. Investigation is in progress and the charge sheet is yet to be filed. Moreover, it has been alleged by the probe agency that he has deleted a number of emails, which were accessed during the investigation," the court said.

Mann meets Modi, seeks ₹1L cr package for Punjab

Says previous regimes left a burden of ₹3 lakh crore debt on state

HARPREET BAJWA @ Chandigarh

PUNJAB Chief Minister Bhagwant Mann on Thursday sought a special financial package of ₹1 lakh crore from the Union government for reviving the state's economy and ensuring holistic development. Mann made the demands while calling on Prime Minister Narendra Modi in New Delhi.

Apprising the PM about the "pathetic" fiscal position of the state, Mann said the previous governments have left a whopping debt burden of ₹3 lakh crore on the state and demanded immediate financial package of ₹50,000 crore each for two years to put the "derailed economy back on track". He hoped with this financial help the state's economy would become "self-sustainable and economically viable" during the third year.

Mann further said his government, on its own, would also strive to fill the empty coffers by completely "wiping out the mafia" from the state.

He also mentioned that "Punjabis have made enormous sacrifices" for the country's independence and even now valiant Punjabi soldiers are protecting the borders from internal and external aggression to safeguard the nation's integrity and sovereignty.

Raising the sensitive issue of national security in the context of Punjab being a border state, Mann solicited wholehearted support from the Central government to foil the attempts of inimical forces across the border. He, however, assured the PM that Punjab would also provide all necessary assistance to the Centre in this regard and also requested it to provide the latest and hi-tech infrastructure to the state forces for anti-insurgency operations.

Terming the outcome of his maiden meeting with the PM after assuming charge as chief minister as "positive", Mann said the former promised all possible support and complete cooperation to make Punjab a vibrant state. Quoting a few lines from a poem of the legendary poet Mohan Singh, Mann said that Punjab was like a "stone studded in the ring" of India.

Responding to the issues raised by Mann, Modi said he would soon take up the matter with the Ministries of Finance and Home to provide adequate support to the state.

COVID SUCCESS

'ZERO, ZERO, ZERO' DAY FOR THE FIRST TIME IN DHARAVI

SUDHIR SURYAWANSHI @ Mumbai

FOR the first time since the Covid-19 outbreak, the tally of active Covid cases in Asia's largest slum, Dharavi, touched zero on Thursday even as the high-density population centre reported no fresh cases and pandemic deaths on the day.

According to the Brihanmumbai Municipal Corporation, Dharavi has recorded 8,233 Covid cases and 419 deaths so far. The slum is a part of G North civic ward of the BMC and shares border with Dadar and Mahim areas. While Mahim has recorded 14,310 recoveries and 265 deaths, Dadar has seen 13,243 recoveries and 306 deaths so far. While Dharavi has no active cases, both Dadar and Mahim have one active cases each.

Kiran Dighavkar, assistant municipal commissioner of G North, said that since the outbreak of the pandemic, this is the first time Dharavi is reporting zero active and fresh cases. "It is really a zero, zero and zero day for us. It has happened because of the hard work of officials and local residents. It was a big challenge for us to control the outbreak but we did it successfully. We had also carried out aggressive vaccination drive in the area," Dhighavkar said

Dharavi has an estimated population of seven lakh living on a small area of 2.1 sq km. There are 5,000 small business and industrial units in the slum. The first Covid case was reported here on April 1, 2020. Dharavi was a hotspot of Covid cases in 2020. However, the local administration effectively controlled it.

Dhighavkar has also penned a book — Dharavi model — describing the BMC's fight against Covid-19. The book was released by Maharashtra Chief Minister Uddhav Thackeray recently. The efforts of BMC to control the spread of the virus were lauded by many people.

Dighavkar not only activated local administration to contain the virus but engaged celebrities like Ajay Devgan and corporates to extend financial help through corporate social responsibility to distribute food and medical supplies in the slum area.

Chouhan bats for increasing high-quality wheat export

EXPRESS NEWS SERVICE @ Bhopal

A day after completing two years in office of his fourth chief ministerial tenure, Madhya Pradesh CM Shivraj Singh Chouhan on Thursday met Union Minister of Commerce and Industry Piyush Goyal and wheat exporters in Delhi to discuss ways to increase export of quality wheat from the central Indian state.

Chouhan said that in view of increase in the price of foodgrains at international level, the state government and wheat exporters should make combined efforts to ensure that farmers get maximum benefits of the prevailing global market situation.

"Production of wheat is MP's strength. In the last two years the state has been procuring 1.29 lakh metric tonnes of wheat from farmers and the state's very own Sharbati wheat variety is considered golden grain by many big companies who are manufacturing superlative quality flour from the same wheat variety. Now is the right time for raising the export of MP's wheat exponentially," the CM said.

While briefing the exporters about measures being taken to promote wheat export from MP, Chouhan said mandi tax will not be levied on the wheat that will be exported from the state. Every facility will be made available to the exporters through the Export Cell in Bhopal. Any company or trader can buy wheat from anywhere in the state on a single license, the chief minister said.

SC allows plea to probe false Covid claims

EXPRESS NEWS SERVICE @ New Delhi

THE Supreme Court on Thursday allowed the Central Government to carry out random scrutiny of 5% applications of ex-gratia Covid compensation claims by Andhra Pradesh, Gujarat, Kerala and Maharashtra. The Supreme Court order comes on a plea filed by the Union Government that sought a time limit for submitting claims for Covid-19 death compensation and also seeking measures to clear out fake claims.

"...The concerned states are directed to assist in carrying out the scrutiny of the claim applications as ordered above and submit all the necessary particulars of the respective claims that have been attended/processed to the Ministry of Health and Family Welfare, who shall carry out the scrutiny within a period of three months from today and submit the report before this court. If it is found that anybody has made a fake claim, the same shall be considered under Section 52 of the Act, 2005 and liable to be punished accordingly," the order reads.

The top court has also fixed the outer limit of sixty days from today to file the claims for compensation in case the death occurred due to Covid-19 prior to March 20, 2022.

"For future deaths, ninety days' time is provided from the date of death due to Covid-19 to file the claim for compensation. The earlier order to process the claims and to make the actual payment of compensation within a period of thirty days from the date of receipt of claim is ordered to be continued," the order reads.

CBI to probe cases filed against Param Bir Singh

EXPRESS NEWS SERVICE @ New Delhi

THE Supreme Court on Thursday transferred all the pending cases against former Mumbai police commissioner Param Bir Singh to the Central Bureau of Investigation (CBI). The bench, however, refused to revoke his suspension.

"This is not a reflection on the police of Maharashtra, which is respected, but a troubling scenario among the higher echelons... We are of the prime facie view that there is some concerted effort which needs the investigation by CBI. What is the truth, who is at fault, how does such a scenario come to prevail is something which investigation must get into. The CBI must hold an impartial enquiry into all these aspects," the court said. Such transfer is required to be done within a week, the court added.

The court passed the order on the petition filed by suspended Senior IPS officer Param Bir Singh against a September 2020 judgment of the Bombay HC which had dismissed his petition challenging two preliminary inquiries started against him by the state government. He had also sought transfer of the probe to the CBI.

MENTAL WELLNESS

Kin of Covid victims to get counselling in Valley

FAYAZ WANI @ Srinagar

AS Covid-19 infections have fallen considerably in Kashmir and people are venturing out freely, health authorities have launched a community outreach programme to provide psychiatric counselling to the families which lost family members to the pandemic in the last two years.

The Institute of Mental Health and Neurosciences (IMHANS) of Government Medical College (GMC) Srinagar on Thursday launched the initiative called *Kath Bath* (a conversation) offering psycho-social help to the families of Covid victims. IMHANS has formed a team comprising a psychiatrist, clinical psychologist, counsellor and social worker to reach out to these families.

Jammu and Kashmir has recorded 4,750 deaths due to Covid since the outbreak of the pandemic. Of these, 2,423 deaths took place in Kashmir.

According to the principal of GMC Srinagar, Prof Samia Rashid, a lot of people faced stigma and restrictions on funeral rituals during the pandemic and the trauma of this persists in several families.

She said they voluntarily designed this (psycho-social help) programme so that people could avail this service without shame.

Dr Arshid Hussain, professor of Psychiatry at IMHANS, said mental health of people has taken a hit in the last two years and the aim of the programme is to start the process of healing.

Stating that certain high-risk groups were not availing mental health facilities, he said: "We understand that within these families, there are small issues that can be resolved by talking to them." There is unresolved grief in some families, he said, as during the first phase of the pandemic, many families could not properly follow the mourning rituals.

Sonia to meet state in-charges tomorrow

NEW DELHI: Congress president Sonia Gandhi has convened a meeting of party general secretaries and state in-charges on March 26 to discuss organisational elections, the party's membership drive and the current political situation besides planning agitation programmes. Congress general secretary (organisation) K C Venugopal will chair the meeting at the party headquarters and all general secretaries and state in-charges states have been asked to attend.

The meeting comes in the wake of the party's humiliating defeat in the recent assembly elections in five states.

It also comes in the backdrop of Sonia Gandhi meeting some of the leaders of the G-23 group-ing, which has been critical of the party leadership.

Meanwhile, the Congress appointed 25 vice-presidents and 75 general secretaries to the party's revamped Gujarat unit on Thursday. The development comes months ahead of the Gujarat Assembly polls, slated to be held later this year. *PTI*

RAJESH KUMAR THAKUR @ New Delhi

IN a major administrative decision, the Central government has decided to increase the intake of IAS officers to counter the shortfall. UKRAINIANS FLEE FRESH FIGHTING AROUND KYIV

Homes set on fire during violence by Russian army, forcing out people who had managed to remain in Irpin till now

KYIV

DOZENS of people fled a surge in fighting on Thursday in a flashpoint area where Ukraine said it had pushed back Russian forces around Kyiv.

Heavy exchanges of shelling were heard from the commuter town of Irpin on the northwestern outskirts Kyiv, and plumes of black smoke rose into the air. Residents said homes had been set on fire during intensified violence on Thursday, forcing out people who had managed to remain in war-torn Irpin until now.

Shells trailing smoke also set fire to a warehouse near residential buildings just west of the capital as civilians took cover behind a supermarket.

"The houses are destroyed, there are only basements left," entrepreneur Leonid Markevych, 55, said after fleeing from his house just outside Irpin. "Every morning, every day, every evening, the Russians go on offensive and every day our boys push them back. So we have heavy shelling every day and night."

Emergency vehicles brought people out of Irpin to a reception centre, where police checked their bags and papers before loading them onto yellow evacuation buses.

Children were among those who left the town, while people brought whatever they could carry with them, including family pets. Irpin has witnessed some of the heaviest fighting of the war, and many of its inhabitants had already fled across a bridge that Ukrainian forces blew up to stop the Russian advance. Russian troops quickly pushed to the outskirts of Kyiv after the invasion but their attempt to encircle and enter the city have failed. Ukraine says it is mounting a counter-offensive in areas around Kyiv.

According to Mayor Vitali Klitschko, in addition to most of Irpin, Ukrainian forces have also taken control of the small city of Makariv some 50km to the west. "We would rather die than kneel in front of the Russians or surrender to the invaders," he said. *AFP*

Russian naval vessel destroyed in Azov Sea

KYIV

UKRAINE said it had struck a Russian naval transport vessel docked in the Azov Sea near the besieged port city of Mariupol, a month into the Russian invasion.

"The Orsk large landing ship of the Black Sea Fleet of the occupiers has been destroyed in the port of Berdyansk captured by Russia," the Ukrainian navy wrote on social media. Plumes of black smoke billowed from a large gray vessel docked next to big cranes in amateur footage of what the Ukraine navy said was the strike on the ship. There was no immediate response to the claim from Russia's defence ministry, but it could not be independently confirmed. Russia's state-run TASS new agency earlier this week had described the arrival of landing craft as "an epic event" that "opens up opportunities for the Black Sea in terms of logistics," citing the Russian defence ministry-linked TV channel, Zvezda. *AFP*

US to expand Russia sanctions

BRUSSELS

THE United States will expand its sanctions on Russia in response to the invasion of Ukraine, targeting members of the country's parliament and the central bank's gold reserves, the White House announced Thursday.

At the same time, Washington will increase its humanitarian assistance by welcoming 100,000 Ukrainian refugees and providing an additional $1 billion in food, medicine, water and other supplies.

The White House announced the initiatives as U.S. President Joe Biden and world leaders gathered in Brussels for a trio of summits in response to the Russian invasion, seeking new ways to limit the economic and security fallout from the conflict. Ukrainian President Volodymyr Zelenskyy addressed the day's first meeting, an emergency NATO summit, where he called for "military assistance without limitations." He pleaded for anti-air and anti-ship weapons, asking "is it possible to survive in such a war without this?" "It feels like we're in a gray area, between the West and Russia, defending our common values," Zelenskyy said during the video address. *AP/AFP*

Govt proposes 39 changes in Fin Bill; clarifies on crypto taxation

Proposes relaxation of penalty provision for claiming cess, surcharge as expenses

ENS ECONOMIC BUREAU
@ New Delhi

THE government has proposed 39 amendments in the Finance Bill 2022, including a clarification on taxation of virtual digital assets (VDAs) or cryptocurrencies.

Section 115BBH was introduced in the Finance Bill, 2022 for tax transfer of cryptos. However, experts said that there was an ambiguity with regards to the meaning of transfer. "The meaning of the phrase 'transfer' was unclear as the definition of the term provided under Section 2(47) applied only in relation to capital assets. The amendment now seeks to clear the ambiguity by inserting a sub-section which applied the 2(47) definition to transfer of VDAs irrespective of whether they are construed as capital assets or not," says Sandeep Jhunjhunwala, Partner, Nangia Andersen LLP.

Finance bill is the list of taxation-related changes in the budget presented by the finance minister. The bill is discussed in both houses of parliament before being passed. This year, the Finance Bill has proposed a 30% tax on transfer of cryptocurrencies. The most important amendment, however, is with regards to retrospective disallowance of deduction for surcharge or Cess with effect from assessment year 2005-06. As per the proposal of the Finance Bill, deduction of surcharge or Cess, which has been claimed and allowed to the taxpayer, be deemed to be underreported income and thus, be subjected to a 50% penalty.

After taxpayers raised concern over the potential impact of the proposal, the government made an amendment saying that pending claims in appeals would not be subject to penalty as they have not been allowed to the taxpayers yet. The amendment also provides an opportunity to taxpayers to seek non-levy of any penalty by making a claim to the assessing officer requesting for re-computation of total income without allowing surcharge or cess as an expenditure.

"The form and timeline for making such a claim will be prescribed in due course of time," says Sandeep Jhunjhunwala of Nagia Andersen LLP.

Another amendment extends the assessment timeline for the AY 2020-21 by 6 months from 31 March 2022 to 30 September 2022 for scrutiny of non-transfer pricing related cases.

CNG, PNG prices hiked by ₹1 per unit in Delhi NCR

ENS ECONOMIC BUREAU
@ New Delhi

AFTER hike in rates of petrol, diesel and LPG, the price of Compressed Natural Gas (CNG) and Piped Natural Gas (PNG) in Delhi and National Capital Region were hiked by ₹1 on Thursday.

This is the third hike in CNG prices within a month. Last time it was raised by 50 paisa per kg. As per the price notification by Indraprastha Gas Ltd, CNG price has been increased by ₹1 per kg to ₹59.01 per kg, and PNG rate has been hiked by ₹1 standard cubic meter (SCM) to ₹36.61 per SCM. PNG is used for cooking, water heating, space heating, refrigeration and power generation.

Recently, the oil marketing companies hiked the price of almost all fuels. They hiked ₹50 on a non-subsidised 14.2-kg LPG cylinder, 80 paisa on petrol and diesel each in two consecutive days and ₹25 per litre on diesel price sold to bulk users.

Prices in India have been on a freeze since November 4, ahead of assembly elections in states like Uttar Pradesh, during which the cost of raw material (crude oil) soared by $30 per barrel. However, the hiatus on petrol and diesel price revision ended on March 22, with an 80 paise/litre increase in rates. A similar proportion hike followed on Wednesday.

CEO APPOINTMENT

Hisashi Takeuchi appointed as CEO of Maruti Suzuki

ENS ECONOMIC BUREAU
@ New Delhi

INDIA'S largest carmaker Maruti Suzuki India (MSIL) has appointed Hisashi Takeuchi as the MD and Chief Executive Officer of the company with effect from 1st April 2022, consequent to the completion of the term of Kenichi Ayukawa on 31st March 2022.

Takeuchi's appointment comes at a time when Maruti Suzuki's market share in the Indian passenger vehicle (PV) market has taken a hit amidst semiconductors shortage crisis and strong demand for sports utility vehicles (SUV), a segment where the company has not enough appealing products. MSIL has lost 740 bps of market share in the domestic PV market over the last 2 years from the peak of 51%.

Takeuchi said, "Maruti Suzuki is a great organization with a rich legacy and it will be my endeavor that we keep serving more and more customers both in India and the world with exciting cars that are good for them, environment and society."

Takeuchi joined SMC in 1986 and has been on the Board of Maruti Suzuki since July 2019 and as Joint Managing Director (Commercial) since April 2021.

Ayukawa will continue as a whole-time Director designated as Executive Vice Chairman till 30th September, 2022 to facilitate smooth transition. Ayukawa has been the MD of Maruti Suzuki since April 2013 and it was under his leadership that the carmaker became a serious player in the premium category with the launch of Nexa retail outlets. The company, under his reign, also diversified into the LCV segment and became the largest exporter of PVs.

Many in the auto industry also give Ayukawa the credit of bringing stability at MSIL and improving its relationship with the factory workers, especially after the labour unrest of July 2012 in which its General Manager of Human Resources lost his life.

Meanwhile, Maruti Suzuki Chairman RC Bhargava said that there was nothing against the interest of the company and its shareholders as SMC's electric vehicle investment in Gujarat is part of an earlier arrangement. Proxy advisory firm IiAS on Wednesday had raised serious questions regarding the decision of the SMC to invest directly in the EV project instead of MSI doing it.

Indian fuel retailers lost $2.25 billion in last five months: Moody's

ENS ECONOMIC BUREAU
@ New Delhi

OIL Marketing Companies have lost around $2.25 billion in revenues from 5th November to 21st March, the period when they stopped revising fuel prices despite high crude prices in the international market.

As per a study by Moody's Investors Service, Indian Oil Corporation (IOC), Bharat Petroleum Corporation Limited (BPCL) and Hindustan Petroleum Corporation Limited (HPCL) are incurring around $70 million in daily losses on petrol and diesel sales.

"Based on our estimates of average sales volume between November and first three weeks of March, the state-owned refining and marketing companies together have lost around $2.25 billion in revenue on petrol and diesel sales. This equates to around 20% of the combined FY2021 EBITDA for the three entities," reads the report. The price of petrol and diesel was on halt between 4th November 2021 and 21 March 2022 in the country despite high crude price in the International market. During this period, the Brent Crude Future, the benchmark of global crude price, even touched the highest $139 per barrel on 7 March 2022.

The prices were revised by the Indian fuel retailers on both diesel and petrol by 80 paisa per litre on 21st March and by the same amount again on 22nd March.

As per Moody's investors study, if crude oil prices continue to average around $111 per barrel, the three rated entities - IOCL, BPCL and HPCL will incur a combined daily loss of around $65 million-$70 million on sale of petrol and diesel unless fuel prices are increased to cover the rising crude oil prices.

The average oil price in the first three weeks of March is $111 per barrel as against $82 per barrel in early November.

It means the costs for the state-owned refining and marketing companies are currently higher by around $29 per barrel without any corresponding increase in revenue.

Thus, based on the current market prices, the oil marketing companies are incurring a revenue loss of around $25 per barrel and $24 per barrel on sale of petrol and diesel respectively.

JSPL EMERGES HIGHEST BIDDER FOR PARADIP PORT

ENS ECONOMIC BUREAU
@ New Delhi

JINDAL Steel and Power Ltd has emerged as the highest bidder for developing the western dock of Paradip Port with a likely price of ₹2,400 crore. The Naveen Jindal-owned company has quoted a price of ₹54 per metric tonne for 25 million tonne annual cargo handling capacity, sources close to the Development told TNIE.

Other bidders in the race are Essar Port, which quoted ₹51 a tonne, and Navyuga Engineering which quoted the price of ₹49 a tonne.

Adani Ports and SEZ, which had also shown interest in developing the port, is out of the race as it did not complete some technical documents.

The results of bids will be announced in a day or two, the sources mentioned above added. JSPL, which is one of the country's major private sector steel manufacturers, has been planning to develop a port on the eastern coastal line to secure transportation of steel from Angul plant, Odisha.

"We need a port, preferably closer to our Angul plant. While our first choice is Paradip Port, but if that does not materialise, we would like to develop one between Paradip and Gopalpur," managing director VR Sharma had told TNIE December last year.

The company has plans to expand the capacity of its Angul plant from 5.4 million tonnes (MT) at present to 25.2 MT in phased manner over next nine years.

The plan to own a port is to ensure the plant does not face logistical issues in future.

Explaining the rationale for bidding for a port, the JSPL MD had said: "If we do not have logistics for such a huge capacity, we would be in trouble. The existing railways and road links won't be enough to handle 25 million tone steel capacity, whether it is for exports or transportation within the country," says the MD.

He had also added that it is better to transport via vessels even within the country than through roads or trains.

Once the company successfully bids for a port, it would seek permission from railways for a dedicated freight line to connect the plant with the port.

King bids goodbye to throne

After 12 trophy-laden seasons, Dhoni steps aside, Jadeja picked as the new captain of CSK

VENKATA KRISHNA B @Chennai

AT 2:35 PM on Thursday, 51 hours before their first game of the Indian Premier League season 15 opener against Kolkata Knight Riders, Chennai Super Kings revealed what has been a secret that has been waiting to be made public for nearly four months. Mahendra Singh Dhoni will not captain the franchise any more. The chosen one is Ravindra Jadeja, their 33-year-old all-rounder, one who Dhoni deemed fit enough to get the highest pay bracket when retentions were announced in December.

A simple press release stated: "Passing on the baton." Like every big announcement Dhoni has made, even this didn't have any drama or noise.

The only surprising bit was the timing. Two days before the season begins, the franchise will have a new permanent captain for the first time in its history since Dhoni wore the No 1 cap in 2008. After winning four IPL titles and two Champions League T20 titles, '*Thala*' has decided to move on just three months short of turning 41. From the outside, the question on every CSK faithful's lips is why did their '*Thala*' leave it till the eleventh hour.

The official announcement might have come now, but it was a move that has been long coming. It may sound surprising but the indications had been getting brighter since the day Dhoni clinched the fourth IPL title in Dubai last October.

As the rest of the team was celebrating their win, Dhoni took time out to click photographs with each and every member of the support staff and their family. It led to speculations, but the franchise remained affirmative that he would continue as captain in 2022 too.

However, during India's tour of South Africa, players and coaches outside the team's set-up got the first hang of Dhoni moving on. Although Jadeja missed the tour with an injury, the all-rounder had by then informed few CSK players in the set-up about the possibility of him taking over as captain.

Jadeja informed in December

Although Dhoni mentioned his intention to step aside only on Thursday afternoon after a conversation with N Srinivasan, the MD & VP of India Cements, the company which owns the franchise, he wasn't throwing Jadeja into the deep end. It is understood that Dhoni made his intentions known to Jadeja in December.

IPL 1 DAY TO GO — TIME TO REBOOT

Delhi Capitals has been one of the emerging forces in the IPL in the past few seasons. A quick look at Rishabh Pant & Co ahead of the upcoming edition...

HIGH-PROFILE EXITS

As far as Delhi were concerned, it was a tough call on whom to retain. They eventually went with Rishabh Pant, Axar Patel, Prithvi Shaw and Anrich Nortje. The franchise had to part ways with some big names like Shreyas Iyer, Shikhar Dhawan, Kagiso Rabada, Avesh Khan and R Ashwin.

HIGH EXPECTATIONS

Player availability could be one of the biggest headaches for them. With Nortje racing against time to get fit, the absence of Rabada & Avesh will be felt. While Delhi would hope that Nortje returns soon, the likes of Mustafizur Rahman, Khaleel Ahmed, and others will have to step in.

WHAT TO EXPECT

On paper, they look a very good side but seem to lack the edge which they possessed from the previous seasons. It was never going to be easy to part with their key assets and to try and re-assemble a largely fresh squad. Capitals enjoyed a good auction and would hope that their key players stay fit.

TCS World 10k Bengaluru on May 15

ENS @Bengaluru

THE TCS World 10k Bengaluru is set to be flagged off at the Sree Kanteerava Stadium on May 15. Registrations for the same will start from Friday, March 25, at *www.tcsworld10k.procam.in* and top runners are expected to feature in the elite label road race. On Thursday, Procam International Joint MD Vivek Singh also confirmed that late actor Puneeth Rajkumar will be the face of the event.

The on-ground event, which did not take shape for last two years due to the pandemic, will witness four categories -- open 10k, majja run (5km), senior citizen run (4.2km) and champions with disability (4.2km). Participation is only going to be confirmed if the person is fully vaccinated by April 30. The virtual app-based run will also be held in Open 10K and 5K.

".....Heartening to see Procam host a physical event after a gap of two years. This definitely will benefit our distance runners, especially as they are presently starved of international running events within India," said Adille Sumariwalla, President, Athletics Federation of India.

Manika and myself have exceeded expectations so far, says Sathiyan

SWAROOP SWAMINATHAN @Chennai

ON Thursday, G Sathiyan and Manika Batra fell short in the final of the WTT Contender (Doha). Up against the World No 1 duo of Cheng I-Ching and Lin Yun-Ju, the Indian pair never really got going to lose 11-4, 11-5, 11-3. But they won't be losing too much sleep. For Sathiyan and Batra, World No 7 themselves, have already 'exceeded expectations' as a pair in their first year. When they decided to partner post the Olympics, they were looking at breaking the top-10 within the first year of the new partnership. So, it's fair to say why Sathiyan says it. In an interview with this daily, the 29-year-old opens up about the specific training they did as a pair and putting in the hard yards post the Olympics. Excerpts:

Promising alliance

Event	Finish		
Budapest	Winners	Singapore	Quarters
Houston	Quarters (Worlds)	Tunis	Semis
		Muscat	Quarters
		Doha	Finalists

Your last eight months, post the Olympics

Worked a lot on the skills and details and helped a lot to come back strongly. Happy that I could turn it around in a very short span of time (he lost in the first round in Tokyo). Winning my third international title (Czech Open, in singles), starting a new journey with Manika, it has been excellent. We have climbed to No 7 which has exceeded our expectations. Couple of good matches at the Worlds, first time medal at the Asian Championships. I would say one of the best years of my career so far.

On what you learned post Tokyo

It's important to have lots of variations to understand the game and keep changing. Can't just go in with one strategy. So you need to change and adapt. Also did a lot of video analysis. Worked on my fitness as well. Those details has made a difference.

On your primary targets with Manika when you first joined hands

We wanted the partnership to last a long time, till the Paris Games. Since we know each other well in terms of our games, it was easy to adapt. We also started to complement each other on the field. Speed, deception, understanding of our opponents... lot of inputs from my coach, Raman sir, has also been useful.

With the World Cup around the corner and Rodrigues pushing for a spot in the XI, the southpaw was kept on her toes, and had to perform in almost every opportunity she got, whether it was domestic or international.
